Moderator: *Tracey Ferguson, Associate Planner, PBS&J*

Wednesday, October 10, 2007
5:30 pm – 7:30 pm

Program Description

ULI's Young Leaders Group is excited to provide young professionals the unique opportunity to help guide the City's vision of making Sacramento the most livable City in America! Imagine the future of downtown Sacramento; vibrant with arts, culture, entertainment, and a 24-hour population. Imagine City neighborhoods with walkable streets, extensive tree canopies, a range of housing choices, mixed use neighborhood commercial centers, great schools, and accessible parks and recreation facilities. This event will offer young professionals background information on the general plan process, explain the road the City's 2030 General Plan has taken to get to the development of the policies and plan, and most importantly, give young professionals a chance to provide direct input on the City's vision and direction for the future. Feedback and comments from the event will be collected and given to City of Sacramento staff for incorporation into the General Plan outreach process. Come join us and take advantage of this chance to shape the policy and direction of Sacramento's future!

Program Location

City of Sacramento
Council Chambers, New City Hall
915 I Street
Sacramento, CA 95814
